

## DURATRED SUPREME - TECHNICAL DATA SHEET

CHARCOAL

### PROFILE

The Dunstone Maze (DM) Duratred range has been architecturally engineered to offer the ideal solution for your matting needs. Encompassing clean lines of extruded aluminium and heavy duty inserts, the DM Duratred enhances the health, aesthetics, longevity and safety of the building.

The Dunstone Maze Duratred Supreme is the ideal mid-range entrance mat for optimal grease, grime and water removal. With its textured hobnail surface and alternate treads of aluminium, the heavy duty scraper action makes the DM Supreme suitable within the toughest environments.

### APPLICATION

The DM Duratred Supreme can be recessed into mat wells or surfaced mounted with the Modfit ramp in both indoor and covered outdoor settings.

### SUITABLE FOR:

Airlocks, Lobbies, Commercial Buildings, Shopping Centres, Schools, Universities, Aged Care Facilities, Residential Buildings, Hotels, Motels, Libraries, Airports etc.

### BENEFITS

- Easy to clean
