

EASYTRED WONDERSORB - TECHNICAL DATA SHEET

CHARCOAL

PROFILE

The Dunstone Maze (DM) Easytred range combines remarkable performance and durability that will complement the aesthetics of any building. Our extensive collection can be applied in both recessed and loose lay applications to ensure the perfect fit for your space requirements. The optimum safety and moisture barrier technology ensures overall protection from weathering and hazard.

The Dunstone Maze Wondersorb is a machine washable entrance mat for medium to high traffic entrances. With its 100% recycled plush pile mat surface and cleated back, the Wondersorb is the ideal eco-friendly choice.

APPLICATION

The DM Easytred Wondersorb can be recessed into mat wells or edged for loose lay for indoor settings.

SUITABLE FOR:

Lobbies, aged care, retail outlets, department stores, libraries, restaurants, office buildings.

BENEFITS

Reduces cleaning time of surrounding floors
 Minimises costly accidents
 Mat surface 100% recycled - made from scrap PET bottles

FEATURES:

Tightly punched fibres hide dirt inside mat keeping the surface clean
 Ultra absorbent surface retains large amounts of liquid
 Multi zone backing allows excellent floor adhesion
 Machine washable
