

DURATRED RIBBED - TECHNICAL DATA SHEET

BLACK

PROFILE

The Dunstone Maze (DM) Duratred range has been architecturally engineered to offer the ideal solution for your matting needs. Encompassing clean lines of extruded aluminium and heavy duty inserts, the DM Duratred enhances the health, aesthetics, longevity and safety of the building.

The Dunstone Maze Duratred Ribbed is the leading anti-slip entrance mat. Set between extruded aluminium and grooved rubber inserts the Ribbed ensures maximum durability from weathering.

APPLICATION

The DM Duratred Ribbed can be recessed into mat wells or surfaced mounted with the Modfit ramp in both indoor and outdoor settings.

SUITABLE FOR:

Airlocks, Lobbies, Commercial Buildings, Shopping Centres, Schools, Universities, Aged Care Facilities, Residential Buildings, Hotels, Motels, Libraries, Airports etc.

BENEFITS

- Easy to clean
- Reduce potential accidents
- Confines grit and grime
- Minimises cleaning costs
- Enhances entrance area
- Anti slip
