

DURATRED 516 - TECHNICAL DATA SHEET

PROFILE

The Dunstone Maze (DM) Duratred range has been architectural-ly engineered to offer the ideal solution for your matting needs. Encompassing clean lines of extruded aluminium and heavy duty inserts, the DM Duratred enhances the health, aesthetics, longevity and safety of the building.

The Dunstone Maze Duratred 516 is the ideal entry level mat for the budget conscious consumer. Incorporating quality polypropylene inserts and alternate treads of aluminium, the 516 is resilient to survive the busiest of spaces.

APPLICATION

The DM Duratred 516 can be recessed into mat wells or surfaced mounted with the Modfit ramp in both indoor and covered outdoor settings.

SUITABLE FOR:

Airlocks, Lobbies, Commercial Buildings, Shopping Centres, Schools, Universities, Aged Care Facilities, Residential Buildings, Hotels, Motels, Libraries, Airports etc.

BENEFITS

- Easy to clean
- Reduce potential accidents
- Confines grit and grime
- Minimises cleaning costs
